Audience:

Health sector

We would like to notify stakeholders of the release of IHACPA's [supplementary advice](#) on bundling arrangements for General Use Items (GUI) on the Prostheses List.

This advice incorporates changes to the GUIs that have occurred since IHACPA's initial [advice](#), provided to the Department in December 2022.

We will use this advice and feedback from recent consultations to inform the next steps for GUI bundling arrangements. More information about these arrangements will be provided in the coming weeks.
