# PHI Circular 56/23 – Health Products Portal now open for Prescribed List applications

From 11 September 2023, sponsors can use the Health Products Portal to apply to list or amend products on the Prescribed List.

**Date published:** 11 September 2023

**Type:** PHI circular

**PHI circular type:** Prostheses announcement

**Audience:** Health sector

The HPP will improve the Prescribed List application process from a policy, process, and technology perspective. PL reform outcomes have been implemented in HPP: the three new application pathways and cost-recovery fees.

We have a range of guidance products to support sponsors in the transition to the HPP:

- guide to prepare an application to the Prescribed List of Benefits for Medical Devices and Human Tissue Products (to be published in the coming weeks)
- a series of HPP on-boarding webinars (see the [HPP Webinars](#) page for upcoming webinar details)
- knowledge base articles are embedded in the application forms, to assist sponsors with field-level guidance.

We encourage sponsors to attend a webinar to get to know the HPP, raise issues or ask questions.

For technical HPP support, please contact the HPP Support team via [HPP.support@health.gov.au](mailto:HPP.support@health.gov.au).
