PHI 25/24 – Prescribed List benefit reductions 1 July 2024

Proposed adjusted Prescribed List benefits have been shared with sponsors for their review by 25 April 2024.

Date published: 2 April 2024

PHI circular type: Protheses announcement

Audience: Health sector

The third and final reduction of Prescribed List (PL) benefits for medical devices on Part A of the PL is scheduled for 1 July 2024. This activity is part of the [Protheses List Reforms](#); and required under the [Memorandum of Understanding](#) with the Medical Technology Association of Australia.

We have shared with sponsors the proposed adjusted PL benefits effective 1 July 2024 for each of their billing codes, via email.

If your organisation has device(s) listed on Part A of the PL and has not received an email from us with the proposed adjusted PL benefits, please [contact us](#) as soon as possible. Any requests for review or clarification are due by 25 April 2024.
