## Consultation on two Prescribed List compliance measures

Further consultation on two proposed measures related to compliance, assurance and information sharing.

**Date published:** 23 May 2024

**PHI circular type:** Prostheses announcement

**Audience:** Health sector

Following feedback from Consultation paper 7 and a webinar on proposed compliance measures held in October 2023, this circular is to advise stakeholders of the commencement of a 3-week consultation on two proposed measures for compliance, assurance and information sharing.

These proposed measures are:

- [Gifts, benefits and discounts reporting requirements](#)
- [Alignment of the amount charged for the supply of a medical device or human tissue product with the corresponding PL benefit.](#)

We invite stakeholders to provide feedback and answer questions contained in the consultation papers. All feedback will assist the department to ensure proposed measures are fit-for-purpose.

Stakeholders can submit their feedback until Thursday 13 June 2024.
